BOISE VALLEY FLY FISHERS IDAHO CUTT SLAM CHALLENGE

Guidelines

GOAL

Catch and release four subspecies of native Idaho cutthroat trout using fly tackle and single barbless hooks.

RULES

- You must be a BVFF member in good standing.
- The cutthroat trout must be caught from legally catchable populations.
- The fish must be caught on a single barbless fly, using fly fishing tackle.
- The fish must be photographed with minimal stress; that is, raised above the water, photographed, and then released unharmed, not photographed flopping on the bank. (Use the KeepFishWet method. See www.keepFishWet.org for principles and tips.)
- All fish must be caught and posted after the BVFF challenge program start date of 5/9/2019.

How to Apply:

When all four Idaho subspecies of cutthroat are caught, send your documentation and photographs to:

Boise Valley Fly Fishers
P.O. Box 311
Boise, ID 83701

Entries need to be mailed to BVFF so that the postmark can be used to identify the order of arrival. If more than one entry is mailed on the same date the BVFF board members will determine the order of arrival by flip of a coin.

Please share your progress with the club by posting updates to the BVFF Facebook Group Page.
